

Dear Porter Parent/Guardian,

We are so excited to be offering an extended tutoring session to our students known as Blast Off with Summer Learning. This week-long session will help students continue their learning through the summer and help maintain the growth and amazing progress they have made this year in reading and math. At the conclusion of the week, students will take home activities so they can continue to review and practice skills all summer long!

You are receiving this letter because we want to give your student the opportunity to participate in this amazing summer session. Below are the time slots being offered to your student. There is only one session available this year, which is a change from our previous program.

Dates: June 22nd-26th

Time: 9:00am - 12:30pm

Students will have a 90 minute Math session and a 90 minute Language Arts session. Take home activities will be provided for both content areas to extend learning all summer long. Students will bring all activities home on the last day of camp.

A snack will be provided for your child.

To sign up, please use the following link: <http://bit.ly/3P4OuWG> OR scan the QR code below. The Sign Up Genius will walk you through the registration for our Blast Off with Summer Learning.

To ensure a smooth program experience, students must be dropped off and picked up using the car line each day. On-time drop-off and pick-up are required for students to remain enrolled in the program.

Please reach out with any questions about our extended tutoring sessions or signing up for Blast Off with Summer Learning.

We look forward to working with you to help your students achieve their personal best here at Porter Traditional and we thank you for your partnership in their education.

Best,

Mr. Adam Fletcher
