

PARENT TECHNOLOGY INFORMATION NIGHT

PRESENTATION OVERVIEW:

- ◆ How online predators groom children.
- ◆ Platforms parents should monitor.
- ◆ Tips to protect children online.
- ◆ How to combat an online predator and resources available.
- ◆ Age-appropriate conversation starters

TECHNOLOGY is a big part of almost every aspect of our lives, and especially our students' lives.

At Porter, we are very mindful of the importance and the responsibility of the **PARTNERSHIPS** we have with our parents and community.

**TUESDAY,
MARCH 25, 2025
6:00-7:00pm**

GUEST SPEAKER

We are fortunate to have Special Agent Courtney Goode here to share her knowledge and stress the importance of how parents can advocate for their child(ren) when it comes to online interactions.

SA Goode works for the NOVA/DC Internet Crimes Against Children (ICAC) Task Force. She has a passion for identifying those who prey on children and bringing perpetrators to justice. In addition to her casework, SA Goode conducts safety talks to raise awareness about child predators, encourage safe internet practices, and empower parents and children to act when faced with suspicious or unwanted behavior online. □

IMPORTANT NOTE:

This presentation is on a very serious topic, with very serious and sometimes uncomfortable information. This presentation is geared toward adults. While we cannot prevent you from bringing your students, please be mindful of the information being presented tonight.

Commitment 3 (Obj. 3.1 and 3.3) of our CIP- Family and Community Engagement states;

1. PWCS will engage families as authentic partners in education to support academic progress.
2. PWCS will ensure honest, transparent, and two-way communication with families, schools, and the community to foster trusting relationships.
